## McHappy Day A Huge Success Between Three Communities

**Photo** - Espanola Mayor Doug Gervais was proud to be part of McHappy Day this year and is even more pleased that the event raised nearly \$34,000 between the three communities of Espanola, Elliot Lake and Greater Sudbury. He worked on the drive thru with a happy McDonald crew during McHappy Day held last week. Photo by Rosalind Russell

**By Rosalind Russell** - The numbers are in for McHappy Day, and the results are a huge success for three communities. The Town of Espanola and the cities of Elliot Lake and Greater Sudbury raised \$33,958 this year. The funds will go towards Ronald McDonald Houses and Homes, specifically Sudbury's NEO unit, CHEO in Ottawa and Sicks Kids in Toronto. The corporation provides these homes away from home for families who children are undergoing medical treatment.

teaching the little ones in her care. This time it was with baby chicks. “We set up 42 chicken eggs on April 17th and they hatched on May 8th and 9th,” recalls Laderoute. “We ended up with nine healthy chicks from eggs that had been given to us by a local Amish family.” She says the students learned all about the life cycle of a chicken among many other activities, including candling the eggs.

Laderoute says the chicks were cuddled and every student got their photo taken holding a baby chick. The chicks were then given back to the family where the students received the eggs from. “Overall, it was a wonderful learning experience for the students,” says Laderoute. It is certainly an experience the children won’t forget anytime soon. Photos by Kelly Laderoute.

## Espanola Woman Marathonng For Muscular Sclerosis

**Photo** - Heather Wilson of Espanola collected quite a few medals during her years as a half-marathoner. With a diagnosis of MS, she has the memory wall, but has changed up her routine from running 21 kilometres to walking an average of five kilometres a day with a cane. She hopes to bring attention to MS and encourages the public to find out more and support research into the degenerative disease. Photos supplied.

**By Rosalind Russell** - An Espanola woman who has been diagnosed with muscular sclerosis and is an avid marathoner has changed up her routines, but still pushes herself to the limit. Heather Wilson was diagnosed with the degenerative disease just over a year ago and she admits it has been difficult adapting to her condition, but that is not stopping her from getting out on the road. Multiple sclerosis is a long-lasting chronic disease of the central nervous systems and can cause loss of motor skills among other symptoms. Wilson says she used to run half-marathons, but is no longer able to run,

so she walks, but not alone. She says her running buddies, Leeanne Bowerman-St. Pierre and Tammy Sheppard walk with her and she has already completed 28,000 kilometres of her 50,000-kilometre goal. Wilson adds she used to run 21.2 kilometres, but now she averages 5.5 kilometres daily with a cane. She thanks the wider community for their support and is hoping they will consider a donation to the national society to assist with research in fighting the disease.
